About Us

Liberty Global is the world's largest international TV and broadband company with operations in more than 30 countries across Europe, Latin America and the Caribbean. We invest in the infrastructure that empowers our customers to make the most of the digital revolution. Our scale and commitment to innovation enables us to develop market-leading products delivered through next-generation networks that connect our 25 million customers who subscribe to over 50 million television, broadband internet and telephony services. We also serve 10 million mobile subscribers and offer WiFi service across six million access points.

Strategic Priorities

We put our customers first in everything we do by focusing on:

- Innovation to deliver superior connectivity, great entertainment and personalized experiences to our customers - any time and any place they choose
- Our people, by investing in and developing our talent

• Operational excellence by optimizing and allocating capital And we create value for our shareholders through superior organic growth, opportunistic M&A and commitment to equity returns.

Our Products

We provide exceptional connectivity and entertainment experiences by combining the power of our superior networks and product innovation.

- Advanced media and entertainment platforms Horizon TV, TiVo, Yelo, and TV everywhere products like Horizon Go
- Next-generation broadband internet services with market-leading downstream speeds of up to 500 Mbps and seamless WiFi connectivity
- Feature-rich VoIP telephony accompanied by mobile voice and data services
- Complete range of voice, broadband internet, data, video, wireless and cloud services to business customers across our local fiber-based networks

Corporate Responsibility

We believe that corporate responsibility is good for our business and good for society. It's about how we do business and how we deliver sustainable returns to our shareholders, while making the most of the opportunities and benefits that our products and services create.

- Key priority is to promote a digital society for all
- We also actively address our responsibilities to employees, suppliers and the environment.
